

MagicQ MQ70 Compact Console

MagicQ MQ70 is the latest offering in the Compact Console range of small and lightweight consoles that you can fly with. The MagicQ MQ70 fits within hand luggage carry on restrictions of all the major budget airlines including, Southwest, Easyjet and Ryanair. The console features a 10.1" Multi touch display, with illuminated encoder and fader tracks.

The console supports 24 universes of Artnet/sACN directly from the console via its 3 port network switch, while also having 4 assignable physical DMX ports. This feature packed console also includes WIFI inbuilt to the console for quick connection to ChamSys MagicQ Remote focus application without the need for external networking hardware.

The MQ70 features an inbuilt UPS which protects both the console and the Ethernet switch in case of power fail. It has low power consumption and does not require a cooling fan - enabling silent operation making it the ideal choice for touring shows, broadcast, theatrical and corporate shows.

With built in MIDI input and output, and an audio input for synchronization, the MagicQ MQ70 provides many options for integration with show control and audio systems.

The MagicQ MQ70 runs the same MagicQ software as other MagicQ consoles, meaning that shows programmed on it can be loaded and ran on any other MagicQ console (within the universe limits). Likewise, files created on one of the other models can be saved and played back on the MQ70. This scalability is one of the core design principles for all of ChamSys lighting controllers. Show files are forward and backward compatible across software release versions and new features are regularly added to the software.

Universes supported: 24	Channels: 12288	Number of fixtures: Up to 12288
Cues: 5000	Groups: 5000	Display: 10.1"
Touch Screen: Multi touch	DMX 5-Pin XLR: 4	Faders: 12
Attribute encoders: 8	Network ports: 3	Inbuilt WIFI: Yes
USB ports: 5	Audio in: Yes	Audio out: Yes
MIDI: Notes, TC, Show Control	LTC in/out: Yes	Remote input port: Yes
Illuminated faders: Yes	Illuminated encoders: Yes	Wing Support: Yes
Multi console: Yes	1 Dual Colour Dimmable LED Console Lamp	UPS: Yes
Width: 525mm (20.6")	Depth: 350mm (13.7")	Height: 60mm (2.3")
Weight: 7kg (15.4lb)
